Director of Officials

Shared Respect - Players - Coaches - Officials - Parents

When was the last time you called someone with authority a moron, or as a coach slammed the door of the bench to show your displeasure of the officials call, Or, you as parents and or coaches think that the louder you yell at the officials that they will change their call. As the senior official of SAMHA who has been refereeing for some 37 years, I have never changed my call due to the slamming of doors or being yelled at loudly. It just does not work that way. You coaches and parents know exactly who you are, and you know what? So do we.

Starting Saturday December 22nd I will be instructing the officials that there is ZERO TOLERANCE towards officials and players, if the officials, the convenor or a league official hears or see's any abuse, you will be asked to leave the arena. This includes coaches, players and parents.

There are Code of Conduct Signs throughout the arena. Please take the time to read one of them.

So far this year, there have been 9 players suspended, ranging from one game to 3 games and also 2 parents have been asked to leave the arena. This is minor hockey folks, let the players play and the referee's ref and if not, well it's probably warmer outside.

I guess only one person read last months news letter, because that's all I had inquire about becoming a referee.

If you would like a copy of The Fair Play Code, I have extra copies.

Happy Birthday Wishes to all of our players celebrating in January!
